Preparations

Print the pattern out on letter or A4 sized paper. It is **very** important to not scale or fit any of the pages, you must print the document in **actual size**. Your pattern will print on multiple pages, which you will then tile together. Arrange the sheets on a large, hard and flat surface matching up the numbers and letters (i.e. 6A to 6A). Cut or fold one of the sides and match the edge to it's corresponding side. Then, tape down in place so paper is secure.

Trace the pattern pieces from the pattern sheet following the lines and markings for your size.

In part 1 mark the buttonholes and the stitch line at the same width to the side edge and upper pant edge as size 34 mark. In part 3 and 12 mark the buttonhole at the same width to the edges as size 34.

Seam and hem allowances are included on an average: 5/8" (1.5 cm) for all edges and stitches.

Bound pocket /right front pant:
Press a strip of interfacing onto the wrong side of the fabric of the right front pant piece over the marked lines of the pocket.
Important for sizes 36 to 46: Draw in lines between the end marks of the pocket on the front left pant leg. Between those lines, draw the cutting line, around 1/2" (1.3 cm) shorter at each end. Transfer lines to right side of fabric using basting stitches.

Baste pocket welts onto both sides of the cutting edge of the front pant piece and stitch using 3/8" (0.7 cm). Secure seam ends. (a)
Cut pant piece between the stitching lines along the cutting marks and cut diagonally coming close to the last stitching line, forming little triangles. Don't cut into the piping tapes. Press the piping tapes onto the seam. (b)

Turn the piping inwards and baste, approach from the right side, to make them of equal width and make them cover the cutting. Press. (c)
Baste pocket pouch (piece 8) in such a way onto the left fabric side, that the even edge above the seam will be positioned below the piping. (d)

Stitch exactly along the seam of the bottom piping, approaching from the right side. Thereby stitching the pocket pouch. Press pocket pouch downwards. (e)
Pin the other pocket pouch onto the upper pant edge so that the bottom and side edges of the pocket pouches lay on top of each other. Approaching from the right, stitch along the seam of the upper piping, thereby closing the pocket pouch. (f)
