Preparations

Print the pattern out on letter or A4 sized paper. It is **very important** to not scale the document. Your pattern will print on multiple pages, which you will then tile together. Arrange the sheets on a large, hard and flat surface matching up the numbers and letters (i.e. 6A to 6A). Cut or fold one of the sides and match the edge to its corresponding side. Then, tape down in place so paper is secure.

Trace the pattern pieces from the pattern sheet following the lines and markings for style 107 and your size. Note different hem lines for views A, B, and C.

burda style magazine patterns do not have seam allowance included.

Seam and hem allowance to be added: Seams and edges 1.5 cm (5/8 in), hem 4 cm (1 5/8 ins), lining 1.5 cm (5/8 in).

Sewing

Views A, B, C

Stitch front darts. Press darts toward centre. Stitch section seams on skirt backs. Stitch side seams on skirt and facing. Press seam allowances open.

Sew invisible zip to centre back edges, see the "Helpful Hint". Stitch centre back seam from lower edge to zip.

Stitch darts and seams of lining. Leave slit for zip open, 2 cm (3/4 in) longer than on skirt. Baste facing to upper edge of skirt lining, with wrong side facing right side. Stitch lower edge of facing in place.

Upper edge of skirt: Place lining and facing over skirt, with right sides together, and pin to upper edge of skirt. At zip opening, turn ends of facing back, about 5 mm (3/16 in) before edge of opening, and pin to upper edge. At slit edges of skirt, turn allowances to outside and pin to upper edge of skirt, over facing. Stitch along upper edge of skirt. Turn allowances on opening edges to inside. Lay facing and lining up. Stitch facing to seam allowances, as far as possible, close to seam. Turn facing and lining to inside and sew to zip tapes.

Press hem allowance to inside and sew in place by hand. Hem lining so that it is about 2 cm (3/4 in) shorter than skirt.

These special zippers come in various lengths. The zipper should be at least 2 cm (3/4 in) longer than the slit. It is sewn in place before the seam below the slit is stitched. A special presser foot is required to sew the zipper in place.

Sewing the zipper in place:

Open the zipper and push the coil back with your thumbnail to reveal the seam marking between the tape and the coil. Place the open zipper right side down on the right fabric side of one slit edge.

In order to stitch the zipper in place exactly along the marked seam line, you must first calculate the distance between the tape edge and the fabric edge as follows: width of seam allowance minus 1 cm (3/8 in) tape width = distance from edge of fabric. This will yield a value of 5 mm (3/16 in) if the width of the seam allowance is 1.5 cm (5/8 in).

Pin the top end of the zipper tape in place, the calculated distance from the edge of the fabric. The bottom end of the zipper will extend past the marked end of the slit. Place the presser foot on the zipper so that the coil is in the notch to the right of the needle (1). Stitch zipper in place, from the top to the marked end of the slit. Close zipper.

Place the other zipper tape face down on the opposite slit edge and pin in place at the top. Open zipper again. Place the presser foot on the top end of the zipper so that the coil is in the notch to the left of the needle (2). Sew the zipper in place, from the top to the end of the slit. Close zipper.

Now stitch the seam below the zipper, from bottom to top. Turn the loose lower end of the zipper out of the way, over the seam allowance. Stitch as close as possible to the last stitches of the zipper seams. Trim away excess zipper and bind the end with a scrap of fabric.

Additional Information:

Burda patterns do not include seam and hem allowances. We recommend adding 1-2 cm (3/8 - 3/4 inch) for seams and 2-5 cm (3/4 - 2 inch/es) for hems. Refer to your specific pattern instructions for exact measurements.

The fabric requirements are based on the fabric used for the original designs. These amounts will change if you use fabric of a different width. The pattern of the fabric determines whether all the pieces must be cut in the same direction or whether some can be reversed to save fabric.

The cutting layout printed with the instructions shows the best way to place the pattern pieces on our original fabric. Fold the fabric double with the right side facing in. The fabric then has a fold edge and a selvedge edge. When cutting from a single fabric layer, the right side should face up.

Pattern pieces which are shown in the cutting layout with broken outlines should be pinned to the fabric with their printed side facing down.

Grey shaded areas in the cutting layout indicate which pieces are to be interfaced.

Transfer the pattern piece lines to the wrong side of your fabric with dressmaker's carbon paper. Hand-baste along lines (e.g. for pockets or centre front) to make them visible on the right side of the fabric.

Have fun sewing, and make sure to upload pictures of your finished sewing project to [BurdaStyle.com/projects](https://www.burdastyle.com/projects) and link it to the pattern you made it from!

If you have any questions about the pattern or specific instructions please email answers@burdastyle.com and your inquiry will be forwarded to one of our sewing pattern experts.

TIP Fabrics may shrink when laundered for the first time, especially those made of cotton, linen, and rayon. To avoid shrinkage of the finished garment, these fabrics should be pre-treated (washed and dried before cutting out the fabric pieces). Use the temperature settings you plan to use for the finished garment. If you want to test the amount of shrinkage of your fabric, cut a square of the fabric and measure it exactly. Finish the edges, then wash it, and compare the size after washing with the original size.

Symbols

Armhole markings

These small lines at the edges of the sleeve and front armhole pieces must meet when the sleeve is set in.

Broken line

In the cutting layout, the broken line indicates the fold edge of a double layer of fabric.

Button

Buttonhole

Eyelet opening

Fold line

In the pattern overview box, this broken line means that the pattern edge must be placed on a fold and not cut.

Joining line

Large pattern pieces that cannot fit on the pattern insert sheet will be in two pieces. These pieces must be taped together after they have been traced onto pattern paper. A double line indicates the joining line and small triangles indicate match points.

Lengthening

If a pattern piece is too long to fit on the pattern insert sheet, you will need to lengthen it when you trace the pattern piece onto pattern paper. Lengthen the pattern from the point of the arrow by the amount indicated in centimeters at the arrow.

Pleat symbol

Fold the pleat in the direction of the arrow.

Presser foot

A presser foot image indicates seam and topstitching lines.

Scissors

Scissors indicate slash lines, such as welt pocket openings. (On downloadable patterns, scissors indicate edges to be cut without an added seam allowance.)

Seam marks

Shown on long seams, these small lines perpendicular to the cutting line indicate edges to be matched. Match the seam marks to one another.

Seam numbers

Adjacent pattern pieces that must be sewn together are indicated with the same seam numbers. Match pieces with the same numbers.

Slit/Placket mark

This small, thick line that intersects the cutting line indicates beginning or end of a slit or placket.

The following symbols will only be found on the pattern pieces in the pattern overview box. On the pattern insert sheet and on the downloadable pattern pieces, the words are written out.

Stretch

For the best fit, it's important to take precise measurements. Measure your body while wearing underwear or close-fitting garments, and have someone assist you if needed. Use a flexible measuring tape to measure around your body, ensuring the tape is taut but not tight and parallel to the floor. Stand upright with a relaxed posture, and breathe normally while you measure.

- 1 Bust:** Measure around the fullest part of your bust. **Neck circumference:** Measure the circumference at the base of the neck and above the collarbone.
- 2 Waist:** Measure around your natural waist, the narrowest part. **Hips:** Measure horizontally around the fullest part of your bottom and upper thighs.
- Additional measurements:**
- 3 Front waist length:** Measure from the side base of the neck over the apex of the bust to the natural waistline. **Bust depth:** Measure from the side base of the neck to the apex of the bust.

- 4 Back waist length:** Measure from the base of your neck to the natural waistline. **Back width:** Measure horizontally between your arm attachment points.
- 5 Shoulder:** Measure from the base of your neck to the tip of your shoulder. **Upper arm:** Measure around the fullest part of your upper arm.
- 6 Arm length:** With your arm slightly bent, measure from the tip of your shoulder over the elbow to the natural waistline.

Important: Compare your body measurements to the appropriate Burda size chart here or on BurdaStyle.com. Circle each of your body measurements on the size chart since you may want to adjust your pattern to fit a range of sizes. Your Burda size will be different from your regular store-bought clothing size.

The diagram shows a large outer rectangle and a smaller inner square. The inner square is labeled 'Kontrollquadrat / test square' and 'Seitenlänge / side length 10 cm (4 inches)'. Dimension lines with arrows indicate: '2c' for the distance from the top edge of the outer rectangle to the top edge of the inner square; '1b' for the distance from the left edge of the outer rectangle to the left edge of the inner square; and '1c' for the distance from the right edge of the inner square to the right edge of the outer rectangle. Below the inner square, there are four horizontal lines: a solid line, a dashed line, a dash-dot line, and a solid line with a wavy bottom edge.
