

Hedgehog Pincushions

By: skg

<http://www.burdastyle.com/projects/hedgehog-pincushions>

Simple and cute project to hold your pins. The pattern has two styles.

Materials

felt, poly-fill, beads, cardboard

Step 1 — Cut + Sew

If you are using a different color for the head, sew that to the body pieces. If not, skip this step. You should have three oval pieces. I chose to have the bottom piece a different color.

Step 2 — Sew

Sew all three pieces together but leave at least a 2" gap in the center.

Step 3 — Invert + Add beads

Invert so the right side is facing out. Sew on beads for the eyes and nose.

Step 4 — Add Cardboard Piece

Place the cardboard piece on the bottom.

Step 5 — Stuff

Stuff with poly-fill and fabric scraps. You could also add dried beans to add more weight if you wish. Sew the edges together.

Step 6 — Add Pins

Add as many pins as you wish.
