---

A tutorial for a ruffled collar. I used the same method to make the collar of my Bronte dress

---

## Step 1 — Cut out the collar

Cut out the piece of fabric on the fold with slightly curved edges and sew those edges.

---

## Step 2 — Turn it out

Turn the collar right side out. It looks like this.

---

## Step 3 — Sew a running stitch

Next sew a running stitch near the bottom and when finished pull the bottom thread to ruffle it. I have a tutorial on how to make ruffles, so you may check that one for this.

---

## Step 4 — Pin and sew

When done with the ruffling, pin the collar to the top/dress/shirt. Cut off the excess fabric and threads. Sew to fix it in place.

---

### Step 5 — Finishings

To finish it you may use a bias tape or a ribbon. I used this cute decorative ribbon.

---

### Step 6 — The collar is done

And it is done!
