I made a couple of bow blouse which received so much comment that they also wanna try! So here is an instruction. ::You will need a blouse pattern (can be anything you have) for this project.:: It might be not really clear explanation because of my poor English, then please send me a message. I will answer asap.

## Step 1 — Direction1-6

1. Cut out the fabric.(bias) x2 2. Stitch 2 pieces together. 3. Position collar on center of neckline 4. Pin collar around the neckline 5. Mark the neckline end on the collar 6. Right sides are facing, stitch except the neckline marked.
