I modified the original for a more festive runner for July 4th. The only modifications were slightly different measurements and the addition of a center piece on the runner.

Materials

Step 1 — Make Modifications

The following modifications were made to the original table runner pattern found [here](#).

Piece A: 6 1/2 × 14 1/2" (Cut 2-Blue Fabric)

Piece B: 36 1/2 × 14 1/2" (Cut 2-Red Fabric)

Piece C: 12 1/2 × 14 1/2" (Cut 1-Blue Fabric)

Iron white fabric to Heat N' Bond Heavy Interfacing. Cut out a total of 20 2" stars. You'll need 5 for each end of the runner and 10 for the center piece.

After stitching a red accent line on the blue pieces I added the stars and embellished with some red buttons. (Try red beads instead for a more classic look.)

The pieces for the top of the table runner are sewn together in the following order:

A-B-C-B-A
