

Measurement Worksheet

By: keykalou

<http://www.burdastyle.com/techniques/measurement-worksheet>

I'm just starting to draft my own clothing patterns, and wanted one worksheet for all the measurements I'll need. I found a lot of info online about taking your measurements, but couldn't find a worksheet to jot them all down on, so I made my own! If anyone wants a copy of the worksheet for themselves, I've posted it in pdf format on my blog here:
