I made this cuff by reusing a left over cuff from this project

Step 1 — Prepare the cuff

A cuff from an old shirt whose colors I didn't like so...

Step 2 — Alternative cover for the cuff

I took a plain white cotton, marked it

Step 3 — Cover it

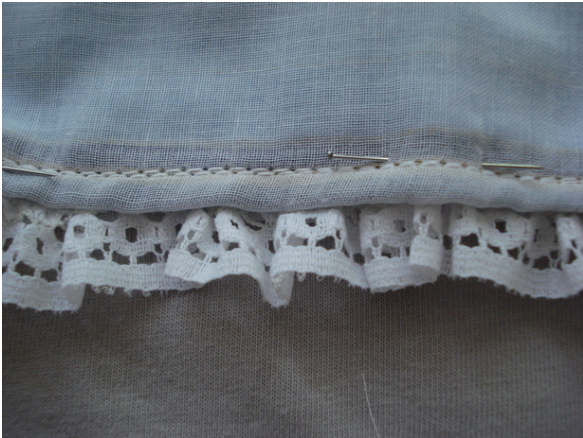

and covered the cuff .

Step 4 — Insert lace

Before stitching I inserted a lace in between the layers.

Step 5 — Top stitch

And top stitched all over it.

Step 6 — Embellish

Then I added a lace ribbon over it.

Step 7 — Closure

I sewed a white elastic on one end.

Step 8 — Closure

I covered a button with the same lace and put it on the other end.

Step 9 — Embellishment

Then I made a flower by combining the two fabrics.

Step 10 — Done

Here it is finished!
