

where to measure + working sheet

By: fuccosim

<http://www.burdastyle.com/techniques/where-to-measure-working-sheet>

in order to make perfect fitting clothes, first, need to measure your body in details. here is some of tip about where and how to measure. it's better to ask someone to help you measure. kind of hard to measure oneself perfectly.

Step 1 — print out working sheet.

print out the working sheet.

Step 2 — front of body

follow description on the picture and measure + write down on working sheet.

Step 3 — back of body

follow description on the picture and measure + write down on working sheet.

Step 4 — side of body

follow description on the picture and measure + write down on working sheet.
