I made this design for my little kid, and I want to share the video tutorial. Pattern is also my and if you are interested go to my blog: [www.bludor.com/blog](http://www.bludor.com/blog) or to my Etsy store: <http://www.etsy.com/shop/TutorialGirl> Right now this video and pattern is made for 2 years child, but the pattern could be easily shrink or resize for a few kids sizes. Because the adults feet are different proportions I will also make a new pattern for 39. woman size.
