Part 3 & 4 of my Make A Dress Series will show you a good way to deal with patch pockets. At the same time I will show you how I achieve nice even topstitching and some ideas on how to customise pockets with embroidery.

---

## Step 1 — Some Simple Hand Embroidery & Apply Your Pockets

This step shows that you do not have to be an expert embroiderer to decorate your pockets with a logo or what ever you fancy. Then all you have to do is to decide where you would like to place them and stitch them on.
