

Finishing Seams: Zig-Zag Stitch 2

By: SewHappyClothes

<http://www.burdastyle.com/techniques/finishing-seams-zig-zag-stitch>

Uses: Good way to finish a seam that will not be pressed flat or where bulk is not as big of an issue, such as on pants. Check out more techniques at: <http://sewhappyclothes.blogspot.com/search/label/Techniques>

Step 1 — Sew the seam

With right sides together, sew a seam with 5/8" stitch allowance (or what the pattern calls for).

Step 2 — Zig-zag raw edges together

Before pressing the seam open, hold both seam allowances together and sew one zig-zag down the middle. Press.
