

Loose Fit Knit Top with Cuffed Sleeves

I made this shirt by altering a regular t-shirt pattern. I used some white burnout jersey (it kind of looks like tiger stripes). I like the flowy design of this shirt for summer because it is SO HOT right now that I hate having clothes stick too close to my body. I've included a multi size pattern for this shirt. Make sure you read the details on the pattern page for this project if you want to make it. You can also read about this shirt on my blog! dixiediy.com
