

Make a Slide-Out Ironing Board VIDEO

By: MadeByMarzipan

<http://www.burdastyle.com/techniques/make-a-slide-out-ironing-bo>

If your sewing area is small, this slide-out ironing board can save you a lot of space. It attaches underneath the table so it takes up zero floor / tabletop room! I also have a tutorial that shows how to make a cover for this type of board (<http://www.madebymarzipan.com/?p=2738>).
