

Squeaky Picture Pal

By: MadeByMarzipan

<http://www.burdastyle.com/techniques/squeaky-picture-pal>

This sewing tutorial teaches you how to make a squeaky Picture Pal that fits over your camera lens. If you are photographing small children, you need one of these! The bright colors catch their attention, and the squeaky sounds will make them smile! For written instructions and more tutorials, visit <http://www.madebymarzipan.com>
