

Fingerless Gloves- Maglia

By: Monjio

<http://www.burdastyle.com/projects/fingerless-gloves-maglia>

I made myself a quick pair of fingerless gloves! They are recycled from a black chenille sweater. For the thumb opening I used a black and white elastic. I will follow up with detailed info. in regards to the pattern-check back!

Materials

chenille, elastic

Step 1 — The Pattern

The pattern is complete and it is pretty straight forward. If needed check back in a few days and some instructions will be posted.
