Wrapped top burda style magazine patterns FAQ

Materials

Stretch jersey

Step 1 — Preparation

Paper cut for ANSI A (German DIN A4) prints:

This pattern is printed on 8.5 × 11 sheets of plain paper. Do not scale or center pages before printing. Wait until all sheets are printed out before beginning to tape them together. **Do not cut out pattern pieces yet**— Arrange the sheets on a large, hard, flat surface so that they fit together, matching up like numbers and letters (i.e. 6A to 6A). To tape pattern together, fold under the margin of one piece (6A) and tape right against the line of it's matching number/letter (6A).

burda style magazine pattern do not have seam allowance included.

Seam and hem allowances to be added: Seams and edges 1.5 cm (5/8 in).

Step 2 — Cutting out

21 front and back 2x

22 centre back, on a fold 1x

23 front band 2x

24 back band, on a fold 1x

Satin:

a) left tie band, 92 — 94 — 96 — 98 — 100 cm (36¹/₄ — 37 — 37³/₄ — 38³/₄ — 39¹/₂ ins) long, 14 cm (5¹/₂ ins) wide, finished width 7 cm (2³/₄ ins),

c) inside right band, 20.5 — 22 — 23.5 — 25 — 26.5 cm (8¹/₄ — 8³/₄ — 9¹/₄ — 10 — 10¹/₂ ins) long, 14 cm (5¹/₂ ins) wide, finished width 7 cm (2³/₄ ins).

Interfacing: See pattern layout.

Step 3 — Center back seam

Stitch centre back piece to back pieces, below marking (seam number 1). Press seam allowances onto centre back.

Step 4 — Front bands

Lay front bands on back band and stitch angled ends together, beginning and ending exactly at joining edge. Clip seam allowances of bands into corners. Press the seam allowances open.

Step 5 — Front bands

Fold the front bands and the back band on the fold line, right side facing in. Stitch across the straight ends of the bands. On joining edge of right front band, stitch between markings, at beginning and end of seam stitching across the seam allowances, up to the edge of the seam allowances. Trim the seam allowances and clip into corner. Turn bands right side out and press edges. Stitch edges of bands in place together — left front band to left front above marking, back band to centre back piece, and right front band to right front, above and below slit. Neaten seam allowances and press allowances onto fronts and back.

Step 6 — Tie bands

Fold the tie bands lengthwise, right side facing in. Trim one end of each at an angle. Stitch along the long edges and the angled ends. Trim the seam allowances. Turn the bands right side out and press. Fold the inside right band lengthwise, right side facing in. Stitch long edges together. Trim seam allowances. Turn band right side out and press.

Step 7 — Tie band

Pin the left tie band to the inside of the left back section seam, between the markings and stitch to the seam allowance, close to the seam. Beginning at tie band joining seam, measure and mark 20.5 — 22 — 23.5 — 25 — 26.5 cm (8¼ — 8¾ — 9¼ — 10 — 10½ ins) on the tie band. Turn the tie band forward and pin to inside of left front band — 1 cm (3/8 in) above end of front band, matching the mark on the tie band to the joining seam of the front band. Baste the tie band in place. Stitch inside right band to inside of slit edge on right front, turn it toward the back and stitch opposite end of this band to back section seam (markings). Pin right tie band to inside of slit edge on right band — tie band lies over inside band. Topstitch band close to joining seam and at slit. Lay right tie band forward and baste to right front band. Topstitch front band 6 times, spaced 5 mm (3/16 in) apart, and topstitch close to edge.

Step 8 — Tie bands

On all open edges of garment, press allowances to inside, turn edges under, and stitch in place. Run left tie band through slit, to outside. Lay both tie bands toward back and tie together.
