---

I needed a bag ... smaller than backpack. So that I can put in things I need for one or two days. I came up with mary poppins idea. I found this fabric I thought it's perfect. I made a bag ... and it was ugly. :) So I ripped it appart and made a new one. This is a result. I made a pattern so you can try your own travelers bag. :)

## Materials

some stronger cotton

---

## Step 1

Please provide real instructions
