Here are some instructions how to add 2 ribbons to a basic cardigan, so you won't need to use a waist belt anymore. It's also an easy way how to functionally decorate a boring piece of clothing.

Step 1 — A cardigan photo

Here is a photo of my cardigan used in tutorial.

Step 2 — Silky ribbons

Cut two pieces of silky ribbons (or any other synthetic material). I used a length 50cm for each of them.

Step 3 — Wrinkle!

Mark on fabrics where you want to put the ribbons, wrinkle the edges and pin them with pins.

Step 4 — Cover!

Cover the wrinkles with a ribbon and sew the ribbons (mine are sewn by hand). I added 3 photos from different perspectives

Step 5 — Cover 2
