This video shows you how to place your balance marks for the perfect hang of the straight sleeve. When you can draft a bodice and sleeve block to your own measurements, you will never again have problems with fit! From these blocks, make jackets, coats and dresses. When did people stop creating style for themselves? In the past, all sewers would know how to adapt and create garments from a basic pattern. Let's bring back this skill. <http://angelakane.com>
