## About Us

We are a team of multidisciplinary professionals including pattern makers, fashion designers, engineers and tailors. We have extensive experience in the garment industry, haute couture and ready- to- wear, offering top quality services ranging from first pattern creation to production pattern making right down to sample preparation, grading and even full scale manufacturing. We use state-of-the-art technology and industry standard software including Optitex and Gerber Accumark.

In addition to our precision pattern related services, we also specialize in developing 3D virtual prototyping.

We work closely with our clients to understand their needs and to meet them in the most desirable, flexible and cost efficient way possible.

If a picture is worth a thousand words, we believe, a video must be worth a million. Please watch the following video to see the services and resources available at AdamNEve.
